Sleeping pad	1	Ridgerest or Thermarest recommended		

Riding Pants and Riding Boots: Safety is a constant focus of the ALC Riding staff. Appropriate riding apparel is necessary to help guard the campers against accidental injury. Each camper choosing to participate in the riding program will be required to wear a riding "hard hat", long pants (not too loose), and boots or sturdy shoes with heels. The footwear must have smooth soles; hiking boots cannot be used since they can get caught in the stirrups and present a definite hazard to a rider. **Riding Vest/Riding Back Protector:** If your child has a riding vest (or back protector), please feel free to send it with her. **Riding Helmets:** ALC has invested in horseback riding helmets that meet the American Society of Testing Materials (ASTM) #F1163-15 standard for safety and bear the seal of the Safety Equipment Institute (SEI). Campers may borrow a helmet from ALC or may bring their own riding helmet from home. Campers borrowing from ALC will be sharing the helmet with several other campers. **If a camper brings her own helmet, it must be in good condition, must not have been dropped or received any impact blows and be no more than 5 years old. Helmets must have the ASTM #F1163-15.**

In order to avoid lost items **EVERYTHING** must be clearly marked with: **SEWN-ON NAME TAPES** (MCO will sew in if clothing is ordered by May 1) OR if you choose to use stick-on clothing labels, please test them to make sure they do not come off in the laundry. Sewn-on name tags are definitely the most reliable way to avoid lost clothing.

Please do not send any clothing not on the list, except for perhaps a colorful shirt and pair of shorts for use during special occasions.
